PROFILE

Bilingual professional (French and English) with a strong affinity for mathematics, logic, and computing. I enjoy understanding how things work and finding clear solutions — whether with office tools, hardware, or digital platforms.

I have hands-on experience in customer service (grocery), administrative support (family business), and digital self-employment — streaming, moderation, and community management.

I am now looking for a stable role where I can apply my service mindset, attention to detail, and technical curiosity — with the energy and discipline you build through performance and teamwork.

Punctual · Reliable · Self-starter · Resourceful · Adaptable

SKILLS

Office & administration

- Microsoft Excel and Word
- Professional document writing and formatting
- Data entry, filing, and administrative follow-up
- Preparation of quotes and client binders
- Basic bookkeeping and income/expense tracking (self-employment)

Digital, media & communities

- OBS Studio and live streaming
- Online community moderation and engagement
- Tournament and event organization
- PC fluency: setup, routine troubleshooting, file organization
- Fast adoption of new tools
- Effective use of AI tools for productivity and problem-solving

Interpersonal & leadership

- Customer service (greeting, guidance, pace management)
- Teamwork and clear communication
- Stress and deadline management (competitive / event settings)
- Decision-making and assertiveness in team settings

Logic & problem-solving

- Strong affinity for mathematics, numbers, and structured reasoning
- Methodical troubleshooting: breaking problems into clear steps
- Fast decision-making based on analysis (competitive and event settings)
- Ability to document and communicate solutions clearly
- Technical curiosity and continuous self-directed learning

LANGUAGES

French — Native / fully bilingual **English** — Fully bilingual (spoken and written)

EXPERIENCE

Self-employed — competitive gaming & online presence

2016 — 2025

Self-employment — Remote / Quebec

- Independent activity around competitive gaming: streaming, scheduling, coordination with partners and communities.
- Moderation and rule enforcement in high-volume chat environments.
- Excel and Word for lightweight operations tracking, planning, and content presentation.
- Participation in many tournaments; hands-on help organizing events (light logistics, communication, deadlines).
- Use of AI tools (ChatGPT, AI assistants) for writing, research, and streamlining day-to-day tasks.
- Transitioning to stable employment, bringing these habits of rigour and autonomy to a new professional setting.

Grocery clerk

2015 — 2016

IGA — Saint-Amable, QC

- Stocking, rotation, and compliance with hygiene and food-safety expectations.
- Customer service: wayfinding, courtesy, and pace in a fast-moving store.
- Teamwork with staff and supervisors to meet priorities and quality standards.
- Safe product handling and attention to detail (dates, facing, signage).

Administrative support (part-time, during studies)

During secondary 4–5 (part-time)

Meubles & Rénovation JP — Quebec

- Bookkeeping assistance: entry, filing, and document tracking.
- Quote preparation and client packages with professional formatting on computer.
- Consistency and tone for written client communications.
- Family business context: confidentiality, versatility, accountability.

Soccer referee

During secondary school (part-time / volunteer)

Local leagues & school soccer — Saint-Amable, QC

- Applied league rules, managed timekeeping, and kept matches running smoothly.
- Clear communication with players, coaches, and spectators; kept the environment respectful.
- Quick decisions under pressure with fairness and integrity on the field.
- Punctuality, pre-game preparation, and accountability in a regulated setting.

EDUCATION

École secondaire François-Williams

Secondary 1–3

Saint-Amable, QC

École secondaire Demortagne

Secondary 4–5

Boucherville, QC

ACTIVITIES & INTERESTS

Soccer

Regular play to stay active, disciplined, and competitive — on and off the field.

Competitive gaming

Strategy, competition, practice, and performance under pressure — transferable to planning and teamwork.

Technology & computers

Lifelong tech enthusiast: has always built his own computers, explores hardware and software hands-on, and solves technical problems with patience and logic.
